Addendum # 1

Request for Qualifications # 250031014001

Architectural/Engineering Services

Date Issued: 11/7/2025

The purpose of this addendum is to reduce the scope of the architectural/engineering services that will be provided to the City. These services will only relate to the 110 Williams Street Facility for the purposes of this Request for Qualifications. All references to other facilities/sites will no longer be part of the services provided.
