Memorandum

To: Chief Blair Myhand
From: CTB Manager Amber Kleppe
Date: October 6, 2026
Ref: September LPRS Audit

During the month of September, there were 331 searches conducted by users in our agency. This month, there were 36 searches that did not properly contain case numbers. These searches were conducted by 1 user:

- [REDACTED]

Each search was audited according to applicable department policy and found to be appropriate uses of the system. 27 of the searches conducted were for warrants with the following charges for various individuals where a case number had not been created:

- Simple Assault
- Assault & Battery
- Felony Possession of Cocaine
- Conspire Traffic Methamphetamine
- Driving While License Revoked

The remaining 9 searches conducted were associated to 2026-31072, however [REDACTED] listed "no case" in the case number field. The search was related to charges filed for Misdemeanor Larceny and Possession of Stolen Goods/Property.

All identified instances were addressed with the user and the user's supervisor on September 2, 2026 following the August audit and the counseling session was documented in the online performance review system. The instances referenced in this audit occurred on September 1, 2026. No further instances involving the failure to enter an appropriate case number occurred after the counseling session.

The "audit assist" in the LPR system flagged six searches conducted during the month. They were:

- 1) A user running a search on a plate beyond a 30-day window. This was related to the same plate that was randomly audited above due to no case number being used. The search was for a legitimate law enforcement purpose related to 26CR333077-440, Conspire Traffic Methamphetamine. The flag was noted and archived.
- 2) A single user ran a search multiple times that was also audited during the random search above due to no case number being used. The search was for a

legitimate law enforcement purpose related to 26CR393798-440, Simple Assault and Assault & Battery. The flag was noted and archived.

- 3) A single user conducted the same search multiple times. This activity had also been reviewed during the random audit because no case number was entered. The review confirmed a legitimate law enforcement purpose related to 26CR393798-440, Felony Possession of Cocaine. The flag was noted and archived.
- 4) A user running a search on a plate beyond a 30-day window. The review confirmed a legitimate law enforcement purpose related to 23CR447576-440, Probation Violation. The flag was noted and archived.
- 5) A user running a search on a plate beyond a 30-day window. The review confirmed a legitimate law enforcement purpose related to a follow-up investigation of a high-end luxury vehicle theft in July, OCA 2026-26046. The flag was noted and archived.
- 6) A single user conducted the same search multiple times. The review confirmed that the searches served a legitimate law enforcement purpose related to OCA 2026-34839, an order for arrest for breaking and entering a motor vehicle. The flag was noted and archived.

At the completion of the monthly audit, I found no evidence of misuse.
