

City of Hendersonville
Application for Exemption from Garbage Services
(Applicable to Commercial Accounts Only)

Date:	
Business Name:	
Applicant/Authorized Representative:	
Phone:	
Service Address:	

Reason for Exemption

(Please provide a detailed explanation of why exemption is being requested. Attach additional documentation if necessary.)

Current Garbage Service Provider: _____

Property Owner Authorization for Waste Receptacle Placement

If the requested waste receptacle(s) or dumpster will be staged on property that is not owned by the applying entity or business, written authorization from the current property owner is required. By signing below, the property owner authorizes the applying entity/business to place, maintain, and utilize the requested waste receptacle(s) or dumpster on the property for the purpose of receiving and collecting commercial waste and/or recycling.

This authorization shall remain in effect until the City of Hendersonville Environmental Services Department receives written documentation, signed by the appropriate party, requesting termination of the shared-use or property-use agreement for the waste receptacle(s) or dumpster.

The property owner acknowledges and agrees that all applicable City of Hendersonville Environmental Services requirements, waste collection requirements, and environmental service compliance obligations associated with the placement and use of the waste receptacle(s) or dumpster on the property shall remain the responsibility of the property owner. The property owner further acknowledges that authorization to place the receptacle(s) or dumpster on the property does not exempt the property from compliance with applicable City ordinances, regulations, or Environmental Services requirements.
