RE: FY2026 BUILD Grant Application – Hendersonville Downtown Streets Modernization  
Project: New Streets for New Business

Dear Secretary Duffy:

Mountain Aging Partners strongly supports the BUILD grant application “Hendersonville Downtown Streets Modernization Project: New Streets for New Business,” which is the result of a collaboration between the City of Hendersonville, Henderson County, NCDOT, and other local stakeholders.

The Hendersonville Downtown Streets Modernization project will improve safety for pedestrians and bicyclists along two historic downtown corridors; provide a comfortable and welcoming public realm for families, individuals, and visitors; rebuild connections between underserved neighborhoods and downtown; act as a catalyst for tourism and economic development; improve resilience to flooding events; and create improved connections to multiple major regional trails.

By supporting this effort, USDOT can showcase a project that aligns closely with the Trump Administration's objectives.

In summary, the Hendersonville Downtown Streets Modernization will act as an engine—powering healthy, climate-friendly, resilient, and integrated transportation and recreation options and economic transformation for this region.

Thank you for considering our application for BUILD Program funding.

Sincerely,

A handwritten signature in black ink that reads "Elizabeth Williams".

Elizabeth Williams  
Executive Director
