I. Project Description

The City intends to contract with one qualified firm to provide engineering services to support the Wastewater Treatment Facility (WWTF) Aeration Basin No. 2 Repairs and Rehabilitation project. The City WWTF is located at 99 Balfour Road, Hendersonville, NC and has a current permitted capacity of 4.8 MGD. At the facility, the north wall of aeration basin No. 2 is bowing outwards and showing signs of stress fractures. The engineering services related to the project generally consists of the following; however, the scope may be refined after further inspection, testing, and evaluation of existing conditions:

- New concrete buttresses constructed on the exterior of the north wall of aeration basin No. 2 to provide structural support against further deflection/bowing. Extension of the existing aeration basin base slab/pile cap along with new timber piles to support the new buttresses or alternative structural support method identified during design.
- Repair of interior and exterior cracks on the north wall of aeration basin No. 2, as well as any other high priority cracks around the aeration basins discovered upon further inspection.
- Installation of an interior coating to further rehabilitate the existing concrete and provide additional water proofing.
- Replacement of aging equipment and failing pipe penetrations within the aeration process.

The scope of services includes, but is not limited to, the following:

- Structural inspection, assessment and evaluation of the existing basin
- Development of detailed construction rehabilitation and repair plans and technical specifications including civil, mechanical, and structural designs.
- Permitting, if required.
- Bidding and construction phase support.

This project is being funded by [American Rescue Plan Act of 2021, Pub. L. No. 117-2 \(Mar. 11, 2021\)](#), Section 602, Coronavirus State Fiscal Recovery Funds (“ARP/SFRF”), and will therefore be governed by the ARP/SFRF statutory provisions and the implementing federal regulations found at 31 CFR Part 35, 2 CFR Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (“Uniform Guidance”), in addition to the North Carolina Mini-Brooks Act found at North Carolina General Statutes, Chapter 143, Article 3D. Firms should familiarize themselves with the requirements of these applicable laws.

Vendor Name:

SPECIAL NOTE: Responding firms should be licensed to practice engineering by the North Carolina Board of Examiners for Engineers and Surveyors and have at least one staff member currently licensed as a Professional Engineer in the State of North Carolina.

II. Statements of Qualification

The format of the Statements of Qualifications (SOQs) shall be submitted per the responding firm's judgment. In general, SOQs shall be organized in a manner that will facilitate the evaluation of the responding firm and should specifically address each evaluation criteria. Additional information beyond what is listed for each criterion in the preceding section that is deemed relevant may also be submitted. **The SOQ shall be no more than 30 pages in total length.**

Firm Information:

- Firm name.
- Address of principal office where work will be performed.
- Phone number, website and e-mail information.
- Name and information of the individual who will be the City's primary contact and project manager.
- Firm's current fee schedule.

Proposed project team:

- A summary of the firm's proposed team to be assigned and their expected roles for the subject project.
- A resume of each team member should detail relevant experience, length of service with the firm, job duties, educational and professional background.

Project Approach and Management:

- Provide a detailed description of your approach and process for completing the scope. Include a response to the preliminary scope and identify key risks, challenges and concerns anticipated and any mitigation steps to achieve successful on-time delivery.
- Describe the tools and processes your firm uses to provide preliminary time and budget estimates.

Similar Projects:

- Five projects similar to the subject project completed or in progress within the last ten years. Similar projects shall be water or wastewater treatment facility structural modification or repair/rehabilitation projects with similar size and complexity)

Vendor Name:

- Project name and location.
- Nature and detailed description of the project.
- Project start and completion dates.
- Project construction cost and engineering design fees.
- Project staff and their role. Personnel on the firm's proposed team must have been actively involved in the similar project(s).
- Owner's name, title, and current contact information (email address and phone number)

III. Evaluation Criteria

Primary evaluation criteria and anticipated weights the City intends to utilize to select the most qualified firm whose proposal will be most advantageous to the City are listed below. Representatives of the City will read, review and evaluate the qualifications independently based on the evaluation criteria. Selection of the most qualified firm by the City will be final and not subject to re-evaluation by the firms submitting SOQs. The following factors will be used in the initial evaluation process:

A. Project Team Qualifications (35 points possible):

- Experience in providing similar services of comparable size and complexity.
- Experience in managing and performing federally funded projects.
- Appropriate experience and technical qualifications of the proposed team to provide services as described herein.
- Organizational structure of the proposed team - defined line of communication and clearly defined roles for personnel.

B. Project Approach and Management (25 points possible):

- Ensure that the proper approaches are used for the project.
- Ensure the reports/deliverables are accurate, thorough and delivered on time.
- Adequacy of firm's technical review process.

C. Similar Projects (35 points possible)

- Experience of the firm and project team providing engineering services with federally funded projects similar in nature (i.e. water or wastewater treatment facility structural modification or repair/rehabilitation projects with similar size and complexity).

D. Proximity to Hendersonville, North Carolina (5 points possible).

- Firms with a principal office within an hour of Hendersonville, NC will receive full points.

Vendor Name:

SOQs shall be submitted in PDF format via e-mail. Submissions must be emailed to Adam Steurer, Utilities Engineer, at asteurer@hvlnc.gov by 1:00 PM local time on June 2, 2022. SOQs received after this deadline will not be considered. PDF files must contain the signatures of company representatives who are authorized to execute documents on behalf of the firm. Questions regarding this request should be directed to Adam Steurer (email only) and will be accepted until May 27, 2022.

Maintaining the integrity of the RFQ process is of paramount importance for the City. Please do not contact members of the City or their staff regarding this contract until the award is presented for approval, other than the City's designated contact person.

All firms submitting a response to this Request for Qualifications must take affirmative steps to solicit participation by Historically Underutilized Businesses, also referred to as Small and Minority and Women's Businesses, whenever they are potential sources. Efforts shall be documented and provided by the most qualified firm upon selection. These steps must include the following:

- Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
- Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
- Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
- Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises;
- Using the services and assistance, as appropriate, of such organizations as the NC Office of Historically Underutilized Businesses, the Federal Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

All submitting firms will be required to acknowledge in writing that if selected, compliance with the Uniform Guidance and the ARP/SFRF Award terms will be required in all aspects, including the selection of subcontractors and subconsultants. Contracting with a federally debarred firm is specifically prohibited. If awarded, the contract with the chosen firm will incorporate all terms found in Appendix II of the Uniform Guidance. Bidders should familiarize themselves with the City's Uniform Guidance Procurement Policy, available at: <https://library.municode.com/nc/hendersonville/munidocs/munidocs?nodeId=456131a88735e>.

The selected firm will be notified by telephone or e-mail and will be expected to enter into an agreement with the City as soon as possible after notification. In the event an agreement cannot be negotiated with the selected firm, negotiations with that firm will be terminated and initiated with the next best qualified firm.

Vendor Name:

The City reserves the right to select and enter into an Agreement with firm in the City's opinion will be most advantageous to the City and is most qualified. The fee for services will be negotiated with the best qualified firm.

The City accepts no responsibility for expenses incurred during the preparation or delivery of SOQs. The City reserves the right to: reject any and all statements of qualification, select the firm most qualified for the referenced work, waive technical errors and informalities, and to accept the statement of qualification, which, in its sole judgment, best serves the public interest. In the event of limited response, the City also reserves the right to extend the submittal deadline as appropriate in order to assure a competitive procurement process.

It is the policy of the City that all original documents, reports, studies and other data produced as a direct result of the services performed under the contract shall become the property of the City. Copyrighting of material produced as a result of the services performed shall be in the City's name. Where licensed material is incorporated as an integral component of the services provided the firm shall register the City as a licensed user and shall provide the City with one complete copy of the licensed material.

It is the practice of the City to provide historically underutilized businesses an equal opportunity to participate in all aspects of its contracting and procurement programs and to prohibit discrimination against persons or businesses in pursuit of these opportunities. The City is an Equal Employment Opportunity Employer.
